

TOPIC: Judaism

Key Question 3.11– What difference does it make to believe in the Torah and God’s Chosen people?

What are we learning about?

- What do Jewish people believe?
- What is the Torah and what does it teach?
- Who was the Holocaust and what does it mean for Jewish people?
- What is Anti Semitism and how can it be avoided?

Why are we learning about it?

- How religious laws influence religious believers?
- How are the lives of Jewish people influenced by following religious texts?
- How and why are Jewish people discriminated against?

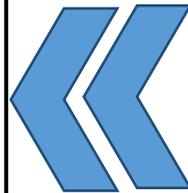

What new **KNOWLEDGE** will I gain?

- What the Torah teaches.
- The ways that Jewish people follow the Torah.
- What Jewish people believe and do.
- Key religious terminology related to Judaism

How does this build on the **SKILLS** I already have?

- Developing my use of religious texts to answer questions (Reference to Scripture)
- Being able to explain my own opinion with limited teacher’s help (Judgement).
- Building skills in religious vocabulary (Knowledge)
- Explain how religious beliefs help to influence believers to do certain things (Explain/Influence).

What new **SKILLS** will I develop?

- Using scripture from the Torah in answers and making judgements on Jewish religious teaching.
- An understanding of how historical events shape current Jewish beliefs and practices.
- Empathy for the Jewish community as a result of studying the Holocaust and Anti-Semitism.
- Justify in a respectful way your own opinion on whether following religious laws and rules makes a person more religious.

How does this build on the **KNOWLEDGE** I already have?

- The moral codes found in other religions studied (e.g. the Ten Commandments in Judaism).
- How Judaism relates to other religions (Christianity and Islam).
- Religious scripture in other religions already studied, e.g. The Bible, Qur’an and Guru Granth Sahib.
- The presence of the six major religions in the world.
