

Food HT 1: Learning Journey

What are we learning about?

We will be learning about the NEA 1 coursework and food investigations.

Why are we learning about it?

We are learning about it in order to apply it practically for our final NEA 1

What new KNOWLEDGE will I gain?

I will learn about the researching and setting up of experiments and how to ensure that the photographs taken are relevant to the experiment and follow the exam guidelines.

TOPIC: NEA 1

How does this build on the SKILLS I already have?

I can use previous recipe searching skills to finding research and using an array of sources.

What new SKILLS will I develop?

I will develop the skill of researching and writing concise information. I will be able to reference my work properly.

How does this build on the KNOWLEDGE I already have?

Having already learnt about the NEA 1, I will be able to utilise any feedback from previous written one to avoid repetition and discursive written work.

Food HT 2: Learning Journey

What are we learning about?

In this unit I will be learning about how to cost recipes as well as recapping practical skills.

Why are we learning about it?

We are learning about this in preparation for the NEA 2 which is based around food preparation.

What new KNOWLEDGE will I gain?

I will learn about how to cost and scale a recipe down to one portion in preparation for coursework.

TOPIC: practical skills and NEA 2

How does this build on the SKILLS I already have?

I will be able to use previous practical skills and ensure a good quality product is the end result. There will be good use of food safety and personal hygiene throughout.

What new SKILLS will I develop?

I will develop the ability to complete practical work under pressure and in exam conditions.

How does this build on the KNOWLEDGE I already have?

I will be able to use previous nutritional knowledge in order to justify my choices for NEA 2 and relate it to my chosen task.

Food HT 3: Learning Journey

What are we learning about?

In this unit I will be learning about how to write time plans. I will be making sure that my practical skills are up to date also.

Why are we learning about it?

I am learning about this in order to produce a relevant and suitable time plan for the NEA 2 in preparation for the practical exam.

What new KNOWLEDGE will I gain?

I will learn about dovetailing of dishes and how to make sure that no steps are missed and my time is used appropriately.

TOPIC: NEA 2 cont

How does this build on the SKILLS I already have?

I can use safe and hygienic working skills I have learnt throughout the course to ensure that I work to a high standard. Previous practical skills will be used to gain the best out come for my chosen task.

What new SKILLS will I develop?

I will develop the skill of timekeeping and how to construct a time plan based around 3 dishes. I will be able to prioritise the steps and ensure that I do not run out of time.

How does this build on the KNOWLEDGE I already have?

I can use the health and safety knowledge from previous lessons to identify the risks and how to avoid them during the exam.

Food HT 4: Learning Journey

What are we learning about?

In this unit we will be learning about revision techniques with a focus on long answer questions.

Why are we learning about it?

We are learning about this in order to be better prepared for the GCSE exam and to correct any issues with the theory.

What new **KNOWLEDGE** will I gain?

I will be able to understand what the questions mean and have an idea of how much to write in relation to the marks.

TOPIC: Revision techniques

How does this build on the **SKILLS** I already have?

I am able to recall information and use it concisely to answer the questions. I can justify my answers using the information from the questions.

What new **SKILLS** will I develop?

I will be able to analyse key words and have the ability to pick out key concepts relating to what the question is asking.

How does this build on the **KNOWLEDGE** I already have?

I will already have a knowledge base of past papers and the theory of the course. I will be able to use this in order to answer questions using the correct terminology.

Food HT 5: Learning Journey

What are we learning about?

In this unit we will be continuing with revision techniques.

Why are we learning about it?

We are learning about this in order to be better prepared for the GCSE exam and to correct any issues with the theory.

What new **KNOWLEDGE** will I gain?

I will be able to identify any specific issues that I have when answering long answer questions. This will then be used to modify my answers in order to avoid losing marks in the exam.

TOPIC: Revision techniques continued

How does this build on the **SKILLS** I already have?

I am able to justify my answers using the information from the questions, but then look at any errors that can be avoided.

What new **SKILLS** will I develop?

I will be able to develop the skill of reflecting upon my own work and using feedback effectively.

How does this build on the **KNOWLEDGE** I already have?

I will have learnt how to answer questions and use many different techniques to help with revision.
