

## Art Y10 Autumn HT1: Learning Journey

### What are we learning about?

We are exploring the theme 'Identity'. We will investigate how other artists have created work inspired by this theme to inform our own artwork.

### Why are we learning about it?

It is important to learn the creative process to have a career in the Arts. This involves creating artwork around a theme that is important to us. Our identity is unique and important to each of us. The creative process involves learning how to:

- Investigate a theme
- Research relevant artists for inspiration
- Control media
- Record and explore ideas
- Create our own personal outcomes

### What new KNOWLEDGE will I gain?

We will gain knowledge of relevant artist's processes, techniques and lives.

We will gain knowledge and understanding of the creative process – Investigating a theme, researching artists and controlling our media.

## TOPIC: IDENTITY

### How does this build on the SKILLS I already have?

We will build upon existing skills in observational drawing, photography, Photoshop, that you have learnt in KS3.

We will be using reflection, guidance and practice to refine your skills across various different media.

### What new SKILLS will I develop?

We will develop new skills in mark-making inspired by Fairburn and new Photoshop skills inspired by artists; Yuki Toy and Beau Frank.

We will develop skills in reflection and refinement, which is necessary for improving work.

### How does this build on the KNOWLEDGE I already have?

This project builds on our knowledge of portraiture, existing artists and their processes.
