

Component One - Understand human growth and development across the life stages and the factors that affect it.

What are we learning about?

We will learn about the different aspects of PIES development, through the 6 life stages and the factors that effect them.

Why are we learning about it?

Our first assignment will test your understanding of PIES and the factors that affect them, over the lifetime of a celebrity. In a vocational situation it is vital that you understand how the service user may have been effected by a factor in their life.

What new **KNOWLEDGE** will I gain?

You will learn the meaning of PIES and the different aspects of it at different life stages. You will learn about different factors and how they can effect a persons development in both positive and negative ways.

How does this build on the **SKILLS** I already have?

You will build on the research skills that you learned at KS3, learning how to select appropriate and concise information from websites.

What new **SKILLS** will I develop?

You will learn how to summarise text and sequence your work. You will learn how to work independently, using an assignment brief to support your learning.

How does this build on the **KNOWLEDGE** I already have?

This is a new subject to you in KS4.

It will build on the work you have done in Science and PE about diet, exercise and health.
