

C1 LAB – Investigate how individuals deal with life events.

What are we learning about?
We are learning about different types of life event and how individuals cope with the changes that these bring.

Why are we learning about it?
This assignment asks you to compare two people who have experienced the same life event. In a vocational setting, you will need to understand how people react and cope differently to be able to support them.

What new **KNOWLEDGE** will I gain?
You will learn about the different life events and how these impact peoples PIES development. You will learn about the different forms of support available to people.

How does this build on the **SKILLS** I already have?
You will build on the skills you developed in C1 LAA, to allow effective use of the grading criteria and drafting process, to gain higher marks.

What new **SKILLS** will I develop?
You will develop research skills through interviewing and individual. We will learn about confidentiality and safeguarding. You will use the grading criteria to help you move up the levels.

How does this build on the **KNOWLEDGE** I already have?
This builds on the knowledge of PIES development and lifestages form C1 LAA.
