

French: Year 9 Summer term 1

Learning Journey

What are we learning about?

This half term, you will learn to understand information about jobs and give information about your dream job.

Why are we learning about it?

Talking about your desires for the future is an excellent opportunity to use a higher-level tense – the conditional. Learning about masculine and feminine nouns in French is also a step towards fluency.

What new KNOWLEDGE will I gain?

- Vocabulary for discussing what jobs people do and what jobs you would like to do.

TOPIC: Je voudrais un boulot! (I would like a job!)

How does this build on the SKILLS I already have?

You can already give high-level opinions, and include reasons and justifications for those opinions, both in the present and past tenses; in this topic you will expand upon this to be able to do the same when discussing future plans.

What new SKILLS will I develop?

- You will learn to use the conditional tense to give reasons for why you want to do something in the future.

How does this build on the KNOWLEDGE I already have?

You have learned hundreds of nouns by this point in year 9; what you have not yet experienced is nouns that can be either masculine or feminine. This topic will be your first contact with this type of noun in French.
