

## HT2 TOPIC: Yr10 Urban Issues and Challenges (Leeds)

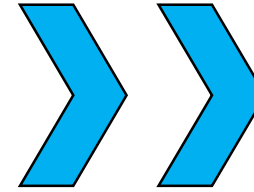

### **What are we learning about?**

You have learnt about the opportunities and challenges of the growth of a city in an NEE (Rio). Now you are going to learn about the opportunities and challenges urban change leads to in a UK city.

### **Why are we learning about it?**

You are going to learn about how urban change has led to opportunities and challenges in Leeds. Leeds is our nearest large city and over the last 20 years has changed massively causing both opportunities and challenges for the people who live there.

### **What new KNOWLEDGE will I gain?**

You will learn what makes Leeds a nationally and internationally important city and some of the big changes that have occurred there in recent years. You will find out how these changes have impacted the character of Leeds.

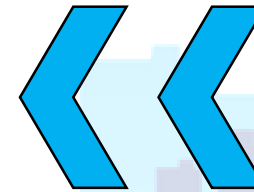

### **How does this build on the SKILLS I already have?**

You will build on your skills to describe and interpret graphs, maps and photographs. You will build on the assessing and justifying your ideas from the geography that you did in Year 9.

### **What new SKILLS will I develop?**

You will begin to use more complex skills that are needed for GCSE such as evaluating and assessing and learning how to give your opinion in a 9 mark question.

### **How does this build on the KNOWLEDGE I already have?**

Learning about Leeds will allow you to be able to compare how urban change and growth can be similar and different in LICs/NEEs and HICs.
