

French: Year 10 Autumn Term 2

Learning Journey

What are we learning about?

This half term, you will learn to understand and give detailed information about how you spend your free time.

Why are we learning about it?

Being able to discuss your free time and interests is vital to getting to know someone in real life. Discussing free time is also another great opportunity to practice a variety of tenses and grammar.

What new KNOWLEDGE will I gain?

- Expanded vocabulary for discussing sport, internet use, books, TV and film.

TOPIC: Mon temps libre (My free time)

How does this build on the SKILLS I already have?

In Key Stage 3, you learned lots of adjectives and regularly practised using them in a sentence. In this topic, you will expand on these skills by being able to compare two things to each other, and describe what something is the 'most' of (e.g. the *most* interesting film)

What new SKILLS will I develop?

- You will learn to use 'depuis' with the present tense
- You will learn comparative and superlative adjectives
- You will learn to use direct object pronouns

How does this build on the KNOWLEDGE I already have?

You have previously learned how to discuss what you do in your free time; this module expands on this, giving you the tools to not only discuss in detail what you do, but why you do it.
