

# RAS: Year 10 Autumn Learning Journey 1: Interacting with others & dangerous relationships

## What are we learning about?

This is the start of a new phase of our education, therefore we're going to spend some time considering how to interact positively with others. We'll then start our unit on issues to be aware of in sexual relationships, including safe sex and revenge porn.

## Why are we learning about it?

The transition from Year 9 to Year 10 is a big one, and can sometimes lead us to express ourselves poorly. By considering ways to explain our views, it will improve our communication. Understanding relationships is important for life.

## What new KNOWLEDGE will I gain?

- Introduction to British Values
- How to speak to people properly
- The influence of unconscious bias
- Different types of relationships
- Marriage and its legal benefits
- Coercive relationships

Citizenship

Keeping Safe

Careers

## How does this build on the SKILLS I already have?

It will build on your ability to recognise dangerous behaviour in others, and how to support your friendship group.

You'll be able to use your knowledge of the debate part of RAS lessons to communicate well with your peers.

## What new SKILLS will I develop?

We will explicitly develop our ability to express our opinion in a polite and courteous manner, demonstrating tolerance of others.

We'll further develop our ability to communicate well with others by considering and challenging alternative perspectives maturely.

## How does this build on the KNOWLEDGE I already have?

It builds on your awareness of safe sex and consent from RAS lessons in Key Stage Three, particularly around relationships.

It also builds on your debating skills, showing confidence and clear communication, from Year 9.
