

RAS: Year 10 Autumn Learning Journey 2: Dangerous issues in relationships

What are we learning about?

We started our unit on dangerous issues in relationships last half term. We are building this by understanding rape culture, revenge porn and sexual harassment. We will also consider a religious perspective on these issues.

Why are we learning about it?

It is exceptionally important to be aware of issues which might affect us – or our friends – in relationships; we need to be aware of the warning signs and who we can contact for support if required. It is important to consider different groups' views.

What new KNOWLEDGE will I gain?

- Safe sex (including contraception)
- Rape and sexual assault
- Every day sexism
- Revenge porn
- Religious case study

Careers

How does this build on the SKILLS I already have?

You focused heavily on Communicating Well last half term; this half term will take this further by ensuring you all consider multiple perspectives when making judgements.

What new SKILLS will I develop?

We will develop our oracy and the way we communicate our perspectives on dangerous issues.

We will also develop the skills required to be safe in the wider world, notably about communicating concerns with responsible individuals around us.

How does this build on the KNOWLEDGE I already have?

This builds on the first two lessons of this unit which we started last half term.

It will also use your knowledge from Year 9 about consent, sexual harassment and pornography, as well as the 5 British Values.
