

RAS: Year 8 Summer Learning Journey 2: Money Management & Languages Careers

What are we learning about?

We are learning about how we can manage our money. We'll look at what income and outgoings are, as well as effective ways of budgeting. We'll also look at why it is important to be honest about financial issues, as well as insurance.

Why are we learning about it?

It is important to know about good money management before you have jobs, so that you get into good habits as soon as you are employed. It's also important to know that we should be honest about financial issues; nothing is too embarrassing.

What new KNOWLEDGE will I gain?

- Money management;
- Budgeting;
- Honesty about financial issues;
- Risk management;
- Insurance;
- Language careers - MFL

Citizenship

Keeping Safe

Careers

How does this build on the SKILLS I already have?

You were introduced to the traits underpinning RAS last year – this term will build your self-reflection on how you demonstrate these traits.

We have explicitly worked on communicating well through the debates within our lessons.

What new SKILLS will I develop?

We will develop our understanding of the traits underpinning Resilience, Aspiration and Success.

This unit will see a particular focus on reading critically – within the context of giving support to case studies – which you will do in both verbal and written form.

How does this build on the KNOWLEDGE I already have?

You may already have some awareness of how to budget, be that from pocket money or from watching the news.

This unit will build on this awareness.

You have all studied French since Y7 so will look at linked careers.
