

# RAS: Year 9 Spring Learning Journey 1: Careers

## What are we learning about?

This half term you will be learning about what your options are after YHS, as well as what jobs and sectors are in demand.

## Why are we learning about it?

This is important as you will begin to make decisions about your future this half term by selecting your GCSE options.

## What new KNOWLEDGE will I gain?

- What your post 16 options are
- What STEM careers are
- What jobs are available locally

Citizenship

Keeping Safe

Careers

## How does this build on the SKILLS I already have?

You already have some understanding of what jobs and sectors are; and you have built up your RAS skills throughout Y7 and 8.

## What new SKILLS will I develop?

You will improve your independence and aspiration by looking at sectors that are challenging and aspirational.

## How does this build on the KNOWLEDGE I already have?

Previously you have looked at your own skills; this units builds on this by using this knowledge about yourself, and applying it to the future.
