

RAS: Year 7 Spring Learning Journey 2: Elections, Modern Britain and Puberty (Keeping Safe)

What are we learning about?

We are continuing with our strand of Citizenship by considering how we elect Parliament. We'll look at what the different political parties believe & consider how power is shared across the United Kingdom. We'll then look at puberty & periods.

Why are we learning about it?

When you turn 18, you'll be able to vote – you need to know how that process works and who you might vote for. You also need to be aware of the key issues in Modern Britain. Puberty and periods affect everyone in some way, hence your learning.

What new KNOWLEDGE will I gain?

- Elections
- Parliamentary Parties
- Devolution
- Make up of Modern Britain
- Puberty
- Periods
- Career linked to Parliament

Citizenship

Keeping Safe

Careers

How does this build on the SKILLS I already have?

We have worked on Resilience, Aspiration and Success in RAS as well as across the school. We will continue to consider different characteristics in detail, including determination.

You'll also further develop your ability to articulate your views.

What new SKILLS will I develop?

We will develop our understanding of Resilience, Aspiration and Success, which are also in other lessons.

We will be working specifically on confidence, independence and having personal pride. You'll also develop your ability to debate with your peers in most of your lessons.

How does this build on the KNOWLEDGE I already have?

Earlier this term, you looked at what Parliament and local government are. This explicitly builds on that by considering how those groups are elected. It also links back to your awareness of Keeping Safe from primary school about periods and puberty.
